Formica Doors and Panels are made using Formica Decorated Board MR MDF, an ecospecifier global GreenTag™ GreenRate Level A certified product, recognised in the GBCA Greenstar Rating Tool and GreenTag™ LCARate GOLD certification recognising its life cycle impact assessment rating. Formica Melamine Doors are manufactured, marketed and distributed by The Laminex Group. A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours depicted in this brochure are as close to the Formica Melamine Door range as modern printing processes allow. Colour/finish combinations are subject to availability. Colours/finishes shown are available at the time of publication, but may be withdrawn without notice. Dark colours require more care and maintenance than light-coloured surfaces. The Laminex Group recommends the use of laminate cleaning products (or mild household cleaning products) for dark colours, please visit formica.com.au, for specific care and cleaning information. Please note that in certain lights or from different angles wipe down marks may be visible. Formica Melamine Doors are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Formica Melamine Doors should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. Please obtain a copy of the terms and conditions of the applicable Formica Melamine Doors 7 year limited warranty from The Laminex Group or visit formica.com.au. This warranty is in addition to any rights that may exist under the Trade Practices Act (Cth). See the website for more information on these products. **Formica®**
