Manufactured in Australia with co-ordinating Wilsonart International designs, the Global Inspiration Vertical range offers stylish choices for various vertical applications such as panels, doors, drawers and other joinery. Choose from an expansive collection of solid colours, metallics, pearls and timbers in a true design focussed range. A Fine Stipple texture is available with the solid colours, metallics and pearls for that added touch. For a 'true' appearance, timbergrain designs are available in a new Touch finish. The Global Inspiration Vertical range has been selected to co-ordinate easily with the Global Inspiration Benchtops range, allowing diverse solutions to be confidently realised.
